Chapter 10 - OPEN SPACE ASSESSMENT

.010 Purpose

The purpose of this chapter is to enact the legislative intent of Nevada Revised Statutes Chapter 361A and the creation of a special category of real property for tax purposes to be defined as “open space real property.” Persons whose property fits within the definition of open space use and otherwise meet the requirements of this chapter, may secure reduced property tax assessments on such land during the period of time that such use is continued.

.020 Definitions

As used in this chapter:

- A. “Open space real property” means:
1. Land:
 - a. Located within an area classified pursuant to Nevada Revised Statutes Section 278.250 and subject to regulations designed to promote the conservation of open spaces and the protection of other natural and scenic resources from unreasonable impairment;
 - b. Devoted exclusively to open space use; and
 - c. Having a greater value for another use than for open space.
 2. The improvements on such land used primarily to support the open space use and not primarily to increase the value of surrounding developed property or secure an immediate monetary return.
- B. “Open space use” means the current employment of land the preservation of which use would conserve and enhance natural or scenic resources, protect streams and water supplies, or preserve sites designated as historic pursuant to law.
- C. “Owner” means any person having a legal or equitable freehold estate in open space real property, including a contract vendee of a land sales contract respecting such property.
- D. “Potential use” means open space real property higher than open space use, conforming to the use for which other nearby property is used.

.030 Criteria for open space use designation

In considering an application for open space use designation, the Board of County Commissioners shall determine that the application complies with the following provisions:

- A. That the preservation of the current land use for which application is made would conserve and enhance natural or scenic resources, protect streams and water supplies, or preserve sites designated as historic, pursuant to law;
- B. That the property for which application is made is currently devoted to open space use and shall remain in open space use for as long as such designation is in effect;
- C. That the benefit to the general welfare of the public is greater than the tax revenue lost by such approval;
- D. That the proposed parcel is located in an urbanizing area, open space, or agricultural-mining-housing land use districts, except that when an application is made for designation as an historic site, such historic site may be located within any area within the County or within any unincorporated town located within the County;
- E. The proposed open space real property must have a greater value for another use other than for open space use;
- F. That the improvements on any proposed open space real property are used primarily to support the open space use and not primarily to increase the value of surrounding developed property or to secure an immediate monetary return, except for the tax savings to be gained;
- G. That the proposed open space real property would not be used for commercial purposes by the owner or applicant, as long as the open space designation is in effect;
- H. That there would be no degradation to the proposed open space real property nor to any surrounding parcels of property, in terms of a lower quality of air, water, and other resources;
- I. Access by the general public at least five (5) days a week, each and every week during the entire year; and
- J. That any proposed open space real property which is being applied for as an historic site shall have:
 - 1. Direct vehicular access onto any dedicated public street which is

accessible to the public, during the entire time such property has the designation as open space,

2. Public use as specified herein, without making a profit from public entry into such historic site, and
3. No other uses, except as an historic site, and may not be used simultaneously as a residence or dwelling place for any person during such designation as open space.

.040 Application - Submittal

- A. An application for open space use assessment shall be filed on or before the first Monday in October of any year with the County Assessor. A new application to continue such assessment is required on or before the first Monday in October following any change in ownership or from approved open space use of any portion of the property.
- B. The application for open space use assessment shall be made on forms supplied by the County Assessor and shall include a description of the property, its current use, and such other information as may be required to determine the entitlement of the applicant to open space use assessment. Each application shall contain an affidavit or affirmation by the applicant that the statements contained therein are true.
- C. The application for open space use assessment may be signed by:
 1. The owner of the open space real property, including tenants in common or joint tenants;
 2. Any person, of lawful age, authorized by a duly executed power of attorney to sign an application on the behalf of any person described in subdivision 1 of this subsection;
 3. The guardian or conservator of an owner or the executor or administrator of an owner's estate.
- D. The County Assessor shall not accept an application unless the application is signed by each owner of record or his representatives. The Assessor may require such additional information of the applicant as is necessary to evaluate his application.

.050 Application - Consideration

- A. The County Assessor shall refer each application for open space use assessment to the Board of County Commissioners within ten (10) days after its filing.
- B. The Board of County Commissioners shall consider the application in a public hearing. The Board of County Commissioners shall use the applicable procedures and criteria set forth in this ordinance and state law and weigh the benefits to the general welfare of preserving the current use of the property against the potential loss in revenue which may result from approving the application. The Board may set such conditions as it reasonably may require upon its approval of the application.
- C. At least ten (10) days notice of the time and place of any public hearing held pursuant to this section shall be published in a newspaper of general circulation in the County. Such notice shall require the name of the applicant, the description and roll number of the property being sought to be qualified for open space use assessment, and any other information concerning such property (i.e. the reason open space use assessment is being sought).
- D. The Board may approve the application with respect to only part of the property, but if any part of the application is denied, the applicant may withdraw the entire application.
- E. The Board shall approve or deny an application no later than March 31st of each year. A timely application on which action by the Board is not completed by March 31st is approved.

.060 Application - Approval or denial

- A. Within ten (10) days after the Board approves an application for open space use assessment, it shall:
 - 1. Send copies of the order of approval to the County Assessor and the applicant;
 - 2. Record the order of approval with the County Recorder.
- B. When the Board of County Commissioners denies an application it shall, within ten (10) days after denial, send an order of denial to the applicant listing its reasons for denial.

.070 Appeal

The determination of the open space use assessment is final unless appealed. The applicant for open space assessment is entitled to:

- A. Appeal the determination made by the Board of County Commissioners to the Seventh Judicial District Court in and for the County of Eureka.

.080 Complaints

- A. Any person claiming that any open space real property is no longer in the approved open space use may file a complaint and proof of his claim with the Board of County Commissioners. The complaint and proof shall show the name of each owner of record of the property, its location, description, and the use in which it is claimed to be.
- B. The Board of County Commissioners shall hear the complaint after ten (10) days' notice of the time to the complainant and each owner of the property.
- C. The Board of County Commissioners shall examine the proof and all data and evidence submitted by the complainant, together with any evidence submitted by the County Assessor or any other person. The Board of County Commissioners shall notify the complainant, each owner of the property, and the County Assessor of its determination within ten (10) days after the hearing. It shall direct the County Assessor to appraise, value, and tax the property in the following assessment period in a manner consistent with its determinations.
- D. The determination of the Board of County Commissioners may be appealed to the District Court by the complainant or the owner of the property.

- C. Subject to all provisions of this chapter, if at the end of a quarter a licensee holds a valid, unexpired license which has not been revoked, canceled, suspended, restricted, or conditioned, such licensee may renew its license for the next quarter without application to the Board by timely payment of the required license fees and penalties, if any, within the time specified in this chapter. Such renewal license shall be on the same terms and conditions as the original license and subject to all provisions of this chapter as if granted after application to the Board.

.080 License issuance - Bonding or other special requirements

The Board may, as a condition to an issuance of a license, require a bond, certificate of deposit, or other assurance of financial responsibility. This provision shall not apply to licensees heretofore licensed by the Board unless the license lapses and is not regularly renewed.

- A. The term “quarter” as used in this chapter shall mean one-quarter of the year, the quarters to begin respectively January 1st, April 1st, July 1st, and October 1st of each year. No refunds of any portion of a quarterly license fee shall be made.

Liquor License	\$30.00 per quarter
Special Events Fee	\$25.00 per quarter
Investigation Fee	\$50.00 (non-refundable)
Single Event License	\$75.00 (Investigation Fee plus Special Events Fee)

These fees may be changed by resolution from time to time by the Liquor Board.

- C. Liquor license fees shall be due and payable to the Sheriff January 1st, April 1st, July 1st, and October 1st of each year. Any liquor license fee which has not been paid on or before the fifth day of the month in which it becomes due,

shall be increased by a penalty of ten (10%) percent which shall be added to the fee and collected with the fee prior to issuance of any license hereunder. If the license fee and penalty have not been paid on or before the fifteenth (15th) day of the month in which the license fee becomes due, any rights to renew a license without application to the Board shall be forfeited and shall forthwith terminate at 4:00 p.m. at the Office of the Sheriff on the fifteenth (15th) of such month, and at such time the liquor business to which the delinquent license fee relates shall forthwith close and cease operation if still in operation at that time. This provision shall not be construed to permit the operation of any business to which this chapter applies for any length of time whatever without having in full force and effect a proper license with all fees therefor fully paid; nor shall it be construed to extend the expiration date of any license, nor to prevent the Board from taking any action to revoke, cancel, suspend, restrict, or condition the license for any reason, including nonpayment of fees.

.120 License - Hearing upon complaint and authority to cancel or suspend

- A. The Board may, upon its own motion, and shall upon the verified complaint in writing of any person, investigate the action of any licensee under this chapter and shall have power to cancel, temporarily suspend for such a period of time as they deem advisable, or permanently revoke a license, or place such restrictions and conditions upon a license as they shall deem necessary or advisable, for any one of the following acts or omissions:
1. The failure to make timely payment of license fees and penalties or either of them; provided, however, no action by the Board shall be necessary in the event of nonpayment of license fees and penalties on or before the fifteenth (15th) day of the month in which they came due as provided in this chapter; or
 2. The misrepresentation of any material fact by the applicant in obtaining a license under this chapter; or
 3. If any one of the licensees named in a license violates or causes or permits to be violated any of the provisions of this chapter; or
 4. If any manager, bartender, agent, servant, officer, or employee of a licensee violates or causes or permits to be violated any of the provisions of this chapter while acting in any way in connection with the licensee's business; or
 5. If any one of the licensees named in a license commits any act which would be sufficient ground for the denial of an application by such

licensee for a license under this chapter; or

6. If any one of the licensees named in a license or any manager, agent, bartender, servant, officer, or employee of a licensee refuses to permit any peace officer of the Eureka County Sheriff's Office to visit and reasonably inspect every part and portion of the licensee's premises open to the public; or
 7. If any one of the licensees named in a license violates any of the agreements, conditions, or terms contained in the application for a license, this chapter or the license issued pursuant hereto; or
 8. If any one of the licensees named in a license violates or causes or permits to be violated any ordinance of the County or any law of the State or of the United States of America regulating the sale, serving, or dispensing of liquors.
- B. Except in cases of the automatic cancellation or revocation of a license, upon the filing with the Board of a verified complaint, charging a licensee with the commission within one (1) year prior to the date of filing the complaint, of any act or omission which is cause for cancellation, suspension, revocation, restriction, or conditioning of a license, the Board forthwith shall issue a letter directing the licensee within five (5) days after service thereof upon the licensee, to appear by filing with the Board the licensee's verified answer to the complaint showing cause, if any the licensee has, why his license should not be cancelled, suspended, revoked, restricted, or conditions placed thereon. Service of the citation with a copy of the complaint shall be made upon the licensee by certified mail or personal delivery. Failure of the licensee to answer within the time specified shall be deemed an admission by the licensee of the commission of the act or acts or omissions charged in the complaint and a waiver of all defenses the licensee may have to such charges. Upon such failure to answer, the Board shall revoke the license and shall give notice of such revocation by mailing a copy thereof, by United States mail in a sealed envelope with postage thereon fully prepaid, addressed to the licensee at the latest address of record in the office of the County Clerk.
- C. Upon the filing of an answer by the licensee, the Board shall fix the time and place for a hearing and give the licensee and the complainant not less than two (2) days notice thereof. This notice may be served by depositing in the United States mail a copy of the notice enclosed in a sealed envelope with postage thereon fully prepaid, addressed to the licensee and to the complainant, respectively, at their latest address of record in the Office of the County Clerk, or by any other reasonable means, including by fax. With the notice to the complainant there shall be attached to or enclosed a copy of the answer. If either party has appeared by an attorney, notice shall be given to the attorney

instead of to the party. In the event the County, the Board, the Sheriff, or any other representative acting by or on behalf of the County is the complainant, the notices to and service of answer upon the complainant herein called for shall be dispensed with.

- D. At the hearing the complainant and the licensee may appear in person or by attorney, or both, and present relevant evidence and witnesses. After the hearing is concluded and the matter submitted, the Board shall, within a reasonable time after such submission, render its decision, which must be made by the vote of a majority of all of the members of the Board. If the decision of the Board is that the charge set forth in the complaint has been established, the Board shall do one or more of the following:
1. Revoke or cancel the license;
 2. Suspend the license for such a period of time as the Board deems advisable;
 3. Place such restrictions upon the license, the licensee, and/or the licensee's place of business as the Board deems advisable;
 4. Make the license and the continued force and effect thereof conditioned upon such terms as the Board shall deem advisable.

If, in the opinion of a majority of all the members of the Board, the charges set forth in the complaint have not been established, or proved, they shall dismiss the complaint.

- E. The Board may, upon stipulation of the complainant and the licensee, shorten or extend the times for notices, pleading, and hearings.

.130 License - Summary suspension

Notwithstanding any other provisions of this chapter, the Board has the right and power to suspend summarily any license issued pursuant to this chapter in cases appearing to it to be of an aggravated or flagrant violation of this chapter, or of the laws of Nevada relating to liquors; provided, however, that the Board shall not summarily suspend any license unless the Board finds that such action is immediately necessary for the preservation of public health, welfare, safety, and morals of the inhabitants of the County. Such order of suspension shall remain effective until further order of the Board of final disposition of the charges upon which the order is based. In the event of a suspension without prior notice, every licensee shall immediately be given notice in writing of the reason or reasons for such suspension, which shall include a specification of the acts or omissions alleged against the licensee. The licensee shall be given an opportunity to be heard at a meeting of the Board at which hearing the licensee may appear in person, or by attorney, or both, and present a

reasonable number of witnesses to show cause, if any there be, why the license should not be revoked.

Chapter 70 - DOOR-TO-DOOR SOLICITOR AND CANVASSER
REGISTRATION AND IDENTIFICATION

.010 Findings of fact

After due deliberation, the Board of County Commissioners of the County finds as fact that:

- A. The County is an isolated and rural County of four thousand one hundred eighty-two (4,182) square miles, more than one hundred twenty (120) linear miles across its longest dimension, with a population of two thousand one hundred (2,100) persons, more or less, scattered widely across the County, served by approximately twelve (12) full-time field law enforcement officers (Sheriff's Deputies, a State Patrol Trooper, and State Wildlife Wardens), and a few reserve officers, protecting County residents during twenty-one (21) work shifts per week;
- B. The isolated and rural nature of the County and the sometimes primitive communication facilities found in the County limit the ability of many County residents to attain ready communications with the County Sheriff and other law enforcement agencies;
- C. The isolated and rural nature of the County inescapably results in extended response times of up to, or more than, one (1) hour after communication with the County Sheriff or other law enforcement agencies has been attained;
- D. The isolated and rural nature of the County, and resultant inaccessibility to law enforcement assistance in many areas and instances, results in substantial and more than ordinary concern or fear on the part of County residents about and/or during uninvited visitations by unidentified strangers;
- E. The County has a higher than average population of elderly persons who are more subject to intimidation and fright than most persons, and who reasonably sustain more than ordinary concerns or fears about uninvited visitations by unidentified strangers;
- F. The isolated and rural nature of the County is an environment wherein persons of criminal inclination may and regularly do attempt to obtain entry to the homes of isolated and/or elderly County residents for the purpose of committing criminal acts;
- G. The concerns and fears delineated in this section can be minimized and controlled by adoption of the ordinance codified in this chapter providing for the advance registration of door-to-door canvassers and solicitors with the

County Sheriff, and provision by the Sheriff of a form of identification which canvassers and solicitors shall be required to present to persons upon whom they make uninvited calls.

.020 Declaration of intent

The Board of County Commissioners of the County declares:

- A. The ordinance codified in this chapter is intended solely to provide for and further the safety and welfare of the residents of the County;
- B. The requirements set forth in this chapter are the least intrusive and drastic means available to the Board to accomplish its intent.
- C. The Board has considered possible infringement of this chapter upon the rights guaranteed by the interstate commerce clause and the First Amendment of the Constitution of the United States, and has weighed and balanced such possible infringement against the health and safety benefits to be gained for the residents of the County by enactment of the ordinance codified in this chapter, and makes the legislative determination that the benefits are substantial and required, as a matter of public health and safety, and are reasonable and outweigh any slight infringement which may be found to occur;
- D. The Board has adopted language for this chapter which, in the Board's legislative judgment, negates or minimizes as much as possible, consistent with accomplishing the purposes of this chapter, any infringement upon rights guaranteed by the United States Constitution and its amendments.
- E. The Board intends that this chapter regulate only the time, place, or manner of exercise of rights guaranteed by the interstate commerce clause and the First Amendment of the United States Constitution, and does not and shall not be administered to deny the exercise of any rights guaranteed thereby.

.030 Registration required

It is unlawful for any person to engage in door-to-door solicitation, canvassing, polling, seeking of information, campaigning, electioneering, religious evangelistic activities, sales, taking of orders, or any similar activity whatsoever which involves calling at or entering onto private property without the prior invitation and consent of the occupant, without first registering with the County Sheriff and obtaining a door-to-door solicitor's identification badge.

.040 Display of identification required
